**Hot Issues (elevation/awareness)**

- **Oak Ridge Reservation, Oak Ridge, TN:** The Oak Ridge Site Specific Advisory Board will hold its first meeting since the pandemic virtually on March 10<sup>th</sup>. DOE presented the FY21 environmental budget and priorities, and provided a status update on current environmental management projects. DOE stated that there would be a public information session on the EMDF related to the waste water discharge, though no dates were given. The virtual meeting was not well attended by the public, though several TDEC and DOE representatives attended.
